PROJECT HIGHLIGHTS

itvanilla

<https://itvanilla.com>

- Developed a full-featured company website with an integrated training platform for online learning and client engagement.

ShopXpert – WooCommerce Plugin

<https://wordpress.org/plugins/shopxpert/>

- Developed a WooCommerce plugin that enhances the checkout process with customization options, pre-order functionality, and wishlist features to improve conversions and user experience.

BlockXpert – Gutenberg Block Plugin

<https://wordpress.org/plugins/blockxpert/>

- Created a WordPress plugin that extends Gutenberg with reusable and dynamic blocks, helping users build flexible, content-rich layouts without coding.

Platinumys – Block-based eCommerce Website

<https://platinumys.com>

- Built a custom eCommerce website powered entirely by Gutenberg blocks, delivering a modern, scalable, and easy-to-manage shopping experience.
